The exhibition, Street Art For Peace, features highly collectable one off collaborative artworks with artworks from the Peace in 10,000 Hands global collection. A hand picked selection of illustrious street artists including Kai, Mar, Annie Preece, Louis XXX, Matty Fontana, Moncho 1929 have been invited to collaborate and put their own touch on the images to create a truly unique collection, expressing peace through Street Art.

Stuart Robertson is the artist and founder behind Peace in 10,000 Hands, he's photographing a single white rose, an ancient symbol of peace in the hands of 10,000 people from every country on the planet, to challenge and reinvigorate the conversation for peace.

"I'm inspired by the belief that art is intimately entwined with the human condition and has the power to challenge and create change. Each of our actions and thoughts have a subtle, yet profound ripple effect. We are responsible for, and have the ability to choose, how we influence that ripple"
